Previously Approved 2.22.09

Honorarium Statement

Dexter Community Players strives to be an all-volunteer organization. Often volunteers are awarded honoraria based on contribution to the production.

The DCP Board of Directors shall determine the combined amount of honoraria for a given production. The producer and director of a given show should provide a proposed breakdown of the honoraria to the board for approval at the post mortem of the production.

As an alternative, the producer and director of a given show may also request an amount for honoraria as a budgeted line item on their production budget during their show proposal, to be approved by the board.
